VOL. 7 NO. 46

LOMOND, ALBERTA, FRIDAY, JUNE 22, 1923

\$1.00 PER YEAR

## LOCALETS :

Like the Irishman, The Press took in too much territory a few weeks ago when it announced "the rain's all here". What was here at that time was but a passing shower in comparison with subsequent precipitation. It is conservatively estimated that the average rainfall covering this district since May 26th is thirteen inches. To this must be added several local cloud-bursts such as passed east of town on Tuesday afternoon, as well as several others that hit near the valley and up around Armada. The rain that really made history commenced Wednesday night and continued till this afternoon. We have been in this country since the spring of 1909, but this was an eye-opener to us. More than four inches of clear rain water dropped from the clouds—more than 300,000 tons to the section. Crops are sure bumping along at a rapid gait. A few fields of wheat are already in head and standing close to three feet in height. Even the poorest crops give better promise than the best in average years. The rye is now making better progress and will thresh a fair yield. Another unusual feature is the hundred of acres of water now in the sloughs. The grass land is real pasture again and the hay meadows are coming into their own.

o o o

Signs of the business revival that is inevitable are evidenced in the arrival this week of a car of fence posts and a car of lumber for the Stacey yard.

o o o

The Lomond Ladies' Aid will hold an ice cream social on Mrs. Clements' verandah on Saturday afternoon, June 30, from three to ten o'clock. It was first proposed to hold this social on the 23rd, but the heavy rains bringing cool weather made it expedient to postpone it for a week.

o o o

School Inspector Watson of Lethbridge has been marooned in Lomond since the rains set in and at the same time officially visited the Lomond Consolidated Schools.

o o o

H. A. Rowe, Jos. Rodgers, J. R. McKay, Rev. F. Forster and R. L. King from the Lomond U.F.A., Mrs. Paton from the Lomond U.F.W.A., Frank Stephens and Tom Mullen from the Badger Lake U.F.A., and W. J. Hooker and Mr. McDonald from the Travers U.F.A. were among the delegates to attend the annual U.F.A. District Association convention held at Retlaw on Tuesday afternoon. There was a good general attendance from the district as a whole. As the conditions now look prosperous there were now outstanding grievances to be considered and the time was spent in the transaction of more or less general affairs. The officers for the ensuing year are as follows: President, R. L. King, and Secretary, Rev. F. Forster, (both returned by acclamation), Vice President, J. S. Atkinson of Retlaw, in place of Mrs. Melvin Hill resigned. In the evening a

large crowd turned out to hear the lecture given by Prof. Ottewell entitled "London, the Heart of the Empire."

o o o

The new date for the Lomond Fair is Sept. 21. Arrangements are underway for making it a success.

o o o

The Lomond Chautauqua is but a month. The local guarantors are organizing strong to make sure of a successful sale of tickets.

o o o

The little Leonard boy is reported to be making a favorable recovery since the operation performed upon him at Lethbridge.

o o o

Glen Ficht was home from Calgary over Sunday. He is still laid up from work through injuries sustained to his foot about a month ago.

o o o

The golf club has transferred the links from Newton's field to the south side of the townsite quarter.

o o o

Quon Kee was down from Hussar over the last week-end. He claims that Lomond business runs faster than at Hussar.

o o o

Mr. and Mrs. Roy Armstrong, accompanied by Miss Ida Armstrong, motored through from Abbotsford, Sask., on Tuesday on a visit to Mr. and Mrs. S. E. Armstrong. As they arrived just before the big rain it is hard for them to appreciate that this has been a dry country.

o o o

The Midway picnic will be held July 2nd.

o o o

By a three thousand majority Manitoba has voted for government sale and control of liquor.

The crown has lodged an appeal against the judgment in the Trider murder case. Drumheller sentiment did approve the result of the first trial.

This wheat had been taken by Mr. Welch and sown on the S.W. 1/4 4-14-21. Both these parcels of land had been owned by Crandall Bros., but the S.W. 1/4 of 4 had been taken over from them by Welch. Reeve Rodgers moved that Coun. Talbot investigated and report at next meeting.

Reeve Rodgers moved that case of G. F. Armstrong be taken up with the Relief Commissioner, E.J. Fream, with the idea of getting the foreclosure proceedings stopped if possible in order that the security of the Municipal District may be maintained on the crop.

McPherson—that the Municipal District Council cannot see their way clear owing to school conditions to give their consent to the cancellation of a part of the plan of the townsite of Travers.

H. B. Ulrich was present and asked if he would be able to obtain a certificate of title to one half of the section that he was purchasing from the Municipal District, provided that the amount required for one half was paid. Reports received from the Relief Commissioner re the financial condition of E. F. Hartz, T. A. Creighton, Robt. Steeves and Porter and Mrs. Noyes. Coun. Talbot moved that reports be accepted and secretary return a reply to the effect that the Municipal District is willing to extend as much time as any other creditor is willing to give.

Discussion re the purchase of Sec. 16-14-21. Coun. McPherson moved that the lands in the name of the Municipal District that are still unsold or are not yet leased be sold to the first applicant, provided however that the motion passed at a previous meeting relating to the purchase of these lands by the previous owner still stands, so long as these lands remain unsold and unleased.

Coun. Buhlinger moved that Mr. Bradshaw be given to June 20th, 1923, to purchase Sec. 16-14-21 at the price of the taxes to December 31st, 1922, if he wished to do so.
